END OF QUESTION PAPER

ADDITIONAL ANSWER SPACE

If additional answer space is required, you should use the following lined page(s). The question number(s) must be clearly shown in the margins.

A large area of lined paper for writing answers. It features a vertical solid line on the left side, creating a margin. The rest of the page is filled with horizontal dotted lines, providing space for writing. The lines are evenly spaced and extend across the width of the page.

The page contains a vertical line on the left side, approximately one-tenth of the way from the left edge. From this vertical line, a series of horizontal dotted lines extend across the entire width of the page. There are 31 such horizontal dotted lines, spaced evenly from the top to the bottom of the page. This layout is commonly used for handwriting practice in primary school, where the vertical line serves as a guide for letter height and the dotted lines provide a guide for letter width and slant.

A large rectangular area with a solid vertical line on the left side and horizontal dotted lines extending across the page, providing a grid for writing answers.
