Milo is having beginner lessons from a golf coach at a local club. He has been completing a putting test every week to assess the accuracy of his putting skills. The test is taken over 100 putts.

On completion of the putting test in week 4, he was then asked to set his own target score for week 5.

**Table 1** shows the results of tests and the target score set for week 5.

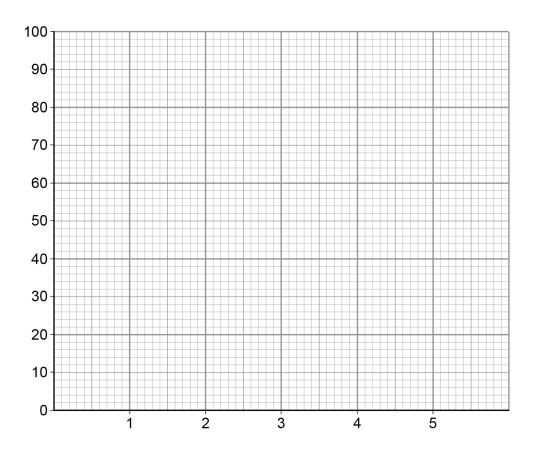

Table 1

	Week 1	Week 2	Week 3	Week 4	Target score week 5
Successful putts	22	30	36	38	64

0 8. 1 Plot the information shown in **Table 1** on the graph paper below to show the results from the putting tests and Milo's target score.

Label the axes and join up the points to make a line graph.

[2 marks]
