SECTION B

Answer ALL questions. Write your answers in the spaces provided.

Read the following passage before answering the questions.

A 'third party' in law refers to any agent other than the principal agent and in the case of euthanasia this would generally mean a doctor (sometimes also referred to as the 'physician'). For all practical purposes if euthanasia is to be justified at all it has to be considered as part of medical practice, for it is reasonably clear that any other practice of euthanasia would be almost impossible to control or regulate. Without regulation, society would permit killing or murder, and whatever moral code one adopts would be regarded as untenable. The consideration of 'euthanasia', at present, is rightly a medical issue. Put simply it is this: should a doctor kill his patients in some circumstances?

- 3 (a) Clarify the ideas illustrated in this passage about euthanasia.

*You must refer to the passage in your response.*
